

DIM L-18[©]

DIM L-18
1.2567

Characteristics

Heat proofed, temper resistant, same colour.
Quenching and tempering, hardenable, nitritable, polishable, chrome platable, conditionally etchable.

42-46 HRC (pure welding material),
oil-hardened 50-52 HRC,
tempered 48 HRC

Fields of application

Hot-working steels
1.2343, 1.2344, 1.2367, 1.2606
1.2764, 1.2767
High-gloss polishings
