

DIM L-22[©]

DIM L-22
NiCoMoTi

Characteristics

Temperature shock resistant, very tough und wear-resistant,
metal slidable on metal,
Quenching and tempering, hardenable, nitritable, polishable.

Artificially aged > 58 HRC

Fields of application

Hot-working steels
Cold-working steels
Alu casting-dies
Drawing- and embossing-tools, folding-press dies
Machine slipways
Camshafts
1.2709 / 1.2706 / 1.2885
1.6354 / 1.6358
TYRODUR
Böhler W 720 / V 725
MARLOK
All Alloy 29/18 (Kovar-Dievar etc.)
